

Environmental Policy

L. Arthur Pty Ltd considers it vital and important that control measures, so far as reasonably practicable, are put in place in order to protect the environment from possible detrimental impact from the organisations business activities.

Management will do their utmost to not allow activities, for which they are responsible to:

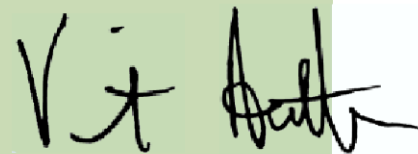

- Injure people or damage property,
- Harm the environment,
- Waste resources,
- Cause any other form of loss.

Therefore to actively achieve environmental performance consistent with this policy, the organisation will:

- Participate enthusiastically in the implementation of this policy,
- Comply with all applicable environmental laws, regulations, policies and standards which relate to its activities and services,
- Actively pursue continual improvement in our environmental management system,
- Minimise environmental impact and reduce or, where possible, prevent pollution,
- Clean up any spills as per company guidelines,
- Dispose of any harmful waste in the proper manner according to the government authority, the Environmental Protection Agency Victoria (EPA VICTORIA); and
- Communicate this policy to all personnel and make it available to the public.

Management is also committed to complying with its corporate legal obligations as outlined in the Environmental Protection Act 1970 in a professional, open and consulting manner.

L. Arthur Pty Ltd wishes to create a culture, where all employees, contractors and visitors are able to report any hazards or risks, in relation to the environment without the feeling that they will be blamed or vindicated in any way.
